Jim, Because you, Bud and Bob will also want to know, here is the count of my books sold last weekend. I have had no CTIA accounting.

What sold best surprises me. It was WW II.

The sales were:

Frame-Up	11 copies	@ $10	$110.00
WW	15 "	@ $4.95	74.25
WWII	16 "	"	79.20
Photo WW	8 "	"	39.60
			$303.05

There is never a time when money due me reaches me too soon. Please pass this to the right one after you examine it.

There is another surprise in this for me. FW has more appendix than text, is the thickest and the appendix is largely of facsimile reproduction of FBI reports. I'd have though that this in itself, when the books were available for inspection, would have led to a sale somewhat more than half of that of the others.
